Background of SNVC and PCSNWC:

The Spay Neuter Veterinary Clinic of the Sandhills (SNVC) is dedicated to reducing overpopulation and improving the quality of life for pets through high quality, high volume spay neuter (HQHVSN) and wellness services. SNVC of Fayetteville has performed over 100,000 surgeries since opening at the end of 2007. The clinic moved from Moore County to Cumberland County at the start of 2021 to allow for expansion into a state of the art 6700 sq foot facility. In addition to the stationary clinic, SNVC has a mobile surgery unit that is used to reach out into the more underserved areas of the community for both surgery and vaccination clinics and a satellite surgical facility in Lumberton, NC. Since moving in 2021, Spay Neuter Veterinary Clinic of the Sandhills has expanded to three veterinarians and is increasing services offered to include preventative veterinary care, dentals, heartworm treatments, and pre-anesthetic bloodwork, in addition to spay/ neuter surgeries.

At the start of 2024, SNVC partnered with The Piedmont Communities Spay Neuter and Wellness Clinic (PCSNWC) to provide surgical and wellness services at that location. PCSNWC has been serving Greensboro and the surrounding area since 2001 offering spay/neuter and wellness services to privately owned, rescue and shelter animals. With the partnership, PCSNWC is expanding the surgical reach and will be able to serve even more animals.
